RE: Anderson Catering

To Whom It May Concern:

My wife and I have been married for over nine years and have a four year old daughter. And with a daughter, career, and all the other demands of life, our last anniversary was nothing spectacular. So I wanted to do something special to show my wife how much she still means to me after all these years.

Sean Anderson is a Private Chef as well as Caterer. I discussed my ideas with him and he helped me to make selections that would be perfect for us and for my budget. I didn't even know what I wanted exactly, but he had the experience and insight to create exactly what I was looking for from the general idea I had.

He arrived promptly on time dressed professionally as a chef. He catered to my wife and me for two hours preparing first an impressive salad, then a soup from scratch, an incredible smothered chicken over pasta entree, and even tiramisu for desert. Not only was the dinner exquisite, but he was so entertaining and comfortable to have in our home and to share our time with.

And as for value – WOW!!! Not only did he shop that day for fresh ingredients, not only did he prepare our dinner from scratch right in front of us, but HE DID THE DISHES TOO!!!

This was an experience so far beyond any dining experience we have ever had that it is difficult to describe how incredible and enjoyable the entire dinner event truly was for all of us. We will definitely have Sean to be our private chef again for our family and friends.

Thank you so much Sean!
